

# Welcome to the LIPID MAPS® Newsletter

## March 2025

### LIPID MAPS® Webinars, Series 6

#### Upcoming Webinar

We are thrilled that our next webinar will be presented by Denise Biagini, titled: 'Detection and quantitation of oxylipins and PUFAs in non-conventional biological fluids: potentials and pitfalls'.

This webinar will be on Tuesday 25<sup>th</sup> of March, ***please note that with the clocks changed in the US but not in the UK the times are as follows 10:00 PDT | 13:00 EDT | 17:00 GMT.***

We look forward to you joining us for our webinar to ask your own questions!

Don't miss out on this  
**free** webinar:

**Register Now**

*Spread the word and encourage your network to join us!!*

#### Previous Webinars

##### Watch Here

View our webinars  
now and learn  
something new!

Last months webinar presented by the lovely Hubert Schaller is now on our YouTube channel, despite some technical difficulties this webinar was fantastic and very informative hosted by the lovely Ruth Andrew !

Check out 'Sterol metabolism and homeostasis in plants' on our [YouTube Channel](#) NOW!!

*Subscribe to our LIPID MAPS YouTube Channel so that you don't miss these incredible resources!*

### LIPID MAPS News

#### Biological Information on LMSD

We are thrilled to announce that we've added more biological information to almost 1500 lipids in LMSD.

This information, with accompanying citations, has been kindly provided by [Cayman Chemical](#). We hope it adds more context and enriches the information we provide to the lipidomics community.

**Check out an example  
HERE!**

#### Join LIPID MAPS across Social Media

Our presence is growing! We are now on Facebook, Instagram, BlueSky, and LinkedIn. Choose your platform(s), click the icon and follow us to stay connected!

### Upcoming Conference and Events

---

## Keystone Symposia: Lipids in Cellular Function and Disease

***There is still chance to register for the conference and the poster abstract – but be quick!!***

This upcoming Keystone conference will bring together lipid researchers to explore the latest advances in basic underpinning science through to clinical translation, while training the next generation of lipid researchers.

**Don't miss out register  
HERE NOW!!**

**Apr 06–09, 2025 | Beaver Run  
Conference Center, Breckenridge, CO,  
United States**

---

## Hydroxynonenal (HNE) Club Meeting

Inspired by the pioneering work of Professor Hermann Esterbauer, who discovered and characterized 4-hydroxynonenal (HNE), a major product of lipid peroxidation, the HNE Club is an informal group of scientists interested in redox biology, oxidative stress and, above all, lipid (per)oxidation.

**Registration Link:** <https://www.sfrgalway2025.com>

### **Event Details**

**Date:** June 7, 2025

**Venue:** Galway, Ireland

---

## Oxylipins, Lipophenols, Lipopeptides: Promising Biomolecules for Diabetes, Cardiometabolic Diseases, and Other Pathologies Workshop

Join this one day workshop for free and discover a wealth of knowledge!

*Participation is **free**, but **mandatory registration** is required to attend the workshop. Because we have limited places, please ensure you register by the 1st of June*

**Registration Link:** <https://forms.gle/g3A5WEDcknTguKxY9>

### **Event Details**

**Date:** June 13, 2025

**Venue:** Montpellier, France,  
Amphithéâtre du CNRS, DR  
Occitanie Est

---

## 21<sup>st</sup> Annual Conference of the Metabolomics Society

The conference includes; cutting edge plenary sessions, advanced keynote presentations, workshops and a large exhibit hall with industry vendors and hundreds of academic posters on display.

**Registration Link:** <https://www.metabolomics2025.org/>

### **Event Details**

**Date:** June 22 - 26, 2025

**Venue:** Prague Congress Centre

---

## ICBL 2025

Join the 65th edition of the International Conference on the Bioscience of Lipids (ICBL) meeting for engaging presentations, interactive sessions, and networking opportunities, as they aim to facilitate the exchange of knowledge, ideas, and insights that will shape the future of lipid science.

**Registration Link:** <https://icbl2025.at/registration/>

### **Event Details**

**Date:** September 24 -27 2025

**Venue:** Ágnes Heller Haus,  
Innrain 52a, 6020 Innsbruck,  
Austria

---

## 29th International Symposium on Separation Sciences

The symposium focuses on the fundamental and practical aspects of separation and detection methods, sample preparation and related or combined and miniaturized techniques applied for analytical, food chemistry, preparative and industrial purposes.

**Registration Link:** <https://iss2025belgrade.rs>

**Event Details**

**Date:** Sept 25 – 27, 2025

**Venue:** University of Belgrade,  
Belgrade, Serbia
